

Prima® Wawona Recalls Bulk/Loose and Bagged Peaches

Prima® Wawona Recalls Bulk/Loose and Bagged Peaches Due to Possible Salmonella Risk

Prima® Wawona of Fresno, California is voluntarily recalling all of its bulk/loose peaches distributed and sold from June 1 through August 3 because the products could possibly be contaminated with Salmonella.

The bulk/loose peaches are sold in grocery stores in a variety of formats, typically bins where consumers may select their own fruit and may have the following stickers with PLU numbers on them: 4037, 4038, 4044, 4401, 94037, 94038, 94044, 94401.

Prima® Wawona is recalling the peaches as a precaution in connection with a Salmonella outbreak under investigation by the U.S. Food and Drug Administration and the U.S. Centers for Disease Control and Prevention that is suspected to have caused the illness of more than 60 people in nine states.

Anyone who has the recalled product in their possession should dispose of it immediately or return it to the place of purchase for a refund. Consumers with questions may contact Prima Wawona's toll-free number at 1-877-722-7554, from 8 a.m. to 5 p.m. ET, Monday through Friday, or visit its website at wawonapacking.com.
